

Michael Waldron, Navy Program Manager, Definitive Logic

Michael Waldron serves as Definitive Logic's Navy Program Manager, where he leads a team supporting a number of Information Technology and process improvement projects for the Naval Sea Systems Command. He has seven years of professional experience in the systems engineering and management consulting fields, focusing primarily on building and managing enterprise IT solutions for Department of Defense and Department of Homeland Security clients. He holds a Bachelor's degree in Information Technology from the University of Miami and a Master's in Systems Engineering from the University of Virginia, and he currently serves as the President of the University of Miami's Washington, DC Alumni Club.
